

Rally Reports

Mount Farm

Mount Farm Park is a return to an old Chiltern Venue. With some great views from its vantage point. We could actually see Fir Tree Farm across the way! 12 vans made the trip and despite some changeable weather we managed a boules competition, and the Rose and Crown had a few visitors.

Ducklington

Arriving at Ducklington Steam Fair the Stewards were pitched high up on the sloping field with a good view of the showground. We had some Kent Visitors amongst the 17 Chiltern vans who had made the trip. Unfortunately, the poor weather wreaked havoc, breaking one of our shelters and turning the show ground into a mud bath, Sadly the organisers called time on the second day, and we all had to leave. Luckily, we all got out without any major issue.
