

Change to Chiltern Motor Caravanners Club Supplementary Document.

At a Chiltern Committee Meeting on 29th February 2024 it was agreed that a change needed to be made to the clubs CFG Supplementary Document. This is following the decision by the MCC Council of Management (COM) to not allow dogs into Group communal tents (shelters) as published in the January Motor Caravanner Magazine. Sadly, this is a change to the advice given at the MCC Members Meeting last May.

Therefore, the following line in the Supplementary Document has been removed:

Well behaved dogs are allowed in our shelters provided all in attendance agree. The exception is when food is being provided.

This has been replaced with:¹

Well behaved dogs can be seated outside the shelters with their owners provided they are on a lead and cannot get into the shelter.

The full Supplementary Document can be found on our Website [Chiltern Group of the Motor Caravanners' Club \(chilternmcc.co.uk\)](http://Chiltern Group of the Motor Caravanners' Club (chilternmcc.co.uk))
